THE BANK OF BRITISH COLUMBIA

Registered Office, Columbia Street

NEW WESTMINSTER.

The Fraser River Beet Sugar Company, Limited, has been formed for the purpose of manufacturing sugar from beets, to be grown on land acquired by the Company, consisting of certain alluvial soil well adapted for their growth.

This land contains all the essential necessary for the cultivation of the beet, and the Company, being very rich in vegetable matter, and experience has shown that it is unequalled for the purpose. Large tracts of equally suitable land can be had on very favorable terms, and the Company is prepared to make a large difference in the amount of capital required.

From experiments already made on the land, the yield was found to be equal to and superior to that from the cultivated in the most favored localities on the most improved principles.

The quantity of sugar imported into this Province for the year ending June 30th, 1872, was valued at over \$100,000; the importation of molasses, during the same period, amounted to \$20,000. It will therefore be seen that a ready market exists for a beet sugar, and that the Company can produce the pulp, or refuse, or molasses, at the best kind of price, and that the Company, with a proper system of cultivation, and with proper machinery, the profits of the company will be very large.

As the company proposes to commence operations on a limited scale, the first capital stock has been fixed at \$50,000, while power is reserved to the Shareholders to increase the working capital to \$100,000, if considered advisable.

Letters of Allotment can be obtained from the Secretary of the Company at New Westminster, or from the Bank of British Columbia, or Messrs. Robertson & Johnson at Victoria.

The Daily Standard.

Thursday, March 13th, 1873.
The "Times" on Canada.

Some four months ago the London Times in commenting upon the general results of the Washington Treaty, and particularly as they bore on the interests of the Dominion of Canada, closed with the following sentence, which created a profound sensation as well in England as in Canada: "Take up your freedom; your days of apprenticeship are over." It was not so much the importance of the words themselves that created astonishment, as the general tone of the article of which they formed a part. The Times was not the only English journal that boldly declared that the most vital interests of Canada had been in no small degree made subservient to Imperial interests in the negotiations that took place between the representatives of the high contracting Powers. The major portion of the leading English press, independent of Executive influence, were of that opinion, and their utterances were re-echoed from one end of the Dominion to the other. It was just at the moment when the Canadian people were smarting under the sacrifices they were involuntarily called upon to make as the price of a peaceful settlement of long-standing disputes between England and the United States, that the Times delivered itself of the article to which we have referred, and the whole tenor of that article seemed to evince a desire to add insult to the injury which had been done to the people of the Dominion. The Canadian as viewed it, and so also did the English press and people. The Post Laureate of England, in a poem recently published, having casually adverted to the advice given by the Times to the Canadians "to take up their freedom," and dissolve the connection which binds the Dominion to the mother country, has drawn out the "Thunderer" again, in an explanatory article, which, in a measure, takes the rough edge of its prior enunciations, while it repeats the advice it previously gave. It is a rare thing for the Times to condescend to notice strictures upon its utterances, no matter from what quarter they come, but in Mr. Tenyson an exception is made, which that gentleman may take as a compliment paid to his high literary character. In alluding to the subject it says: "Mr. Tenyson has misapprehended the spirit of our reflections. What was written with a clear view of the welfare of Canada, and the political education, through Canada, of all English-speaking communities of the next generation, was degraded into a mere cowardly desire to relieve home-keeping Englishmen of their responsibilities. One or two querulous minds, easily offended by shallow if not simulated indignation, became much excited themselves, and did their best to excite others. No explanations could have been fairly offered to such critics. In the Post Laureate we recognize a complaint of a different character, and we may fairly ask him to reconsider the meaning of what we did say, and to judge whether the advice is worthy the adoption." It then proceeds to recapitulate the arguments it enunciated in its former article, to the effect that the line of demarcation separating a Province of the Dominion from the United States was necessarily a Canadian question, and leaves it to be inferred, though not expressed, that the settlement of such a question should have been committed to the Canadian people, who were much more likely to understand the question correctly and guard their own interests, while vindicating the honor of the Empire, than could be expected in the case of English titled nobles, who knew nothing of Canadian wants and cared little for their interests; and yet the arrangements by which it was submitted to arbitration, "like the abandonment of the claims for the Fenian raids and the lease of the fisheries of the Dominion" was made under the direction and authority of the Government in London. "It was," says the Times, "the Cabinet of St. James which disposed of these subjects of Canadian interest, and that in a way so distasteful to Canadian feeling, that we were obliged to bribe the Legislature of the Dominion with a guarantee of \$2,500,000 before its assent to the Treaty of Washington could be procured." No one at all acquainted with the subject entertains a doubt that if the negotiation of the Washington Treaty had been confided to Canadian statesmen instead of to English, the result would have been very different from what it now is. The Americans never would have been allowed to palm off the free navigation of the Yukon and Stikine Rivers as a fair equivalent for the free navigation of the Rivers St. Lawrence and St. John, and to pass by the Columbia River, which leads right into the heart of British Columbia. Nor would our fishery rights have been handed over to the Americans, as they were, for the doubtful privilege of reciprocal trade in fish alone between the Maritime Provinces and the adjacent American Territories. Although we do not endorse all that the Times has said upon this subject, we are nevertheless bound to say that there is a great deal of truth in its statements. We believe with the Times that in future the negotiation of treaties affecting Canadian interests should be left to Canadian statesmen, not by Imperial authority, and not to Imperial statesmen, whom a dear-bought experience proves are no match in the art of treaty making for shrewd, practical, matter-of-fact American diplomats. It is true, "Canada is big enough, it is strong enough, it is intelligent enough," to perform her part better in all such matters; and while she has no desire to cut the links that bind her to old Mother England, she nevertheless would be better pleased, now that she has grown so big, if England in the future would allow her to attend to her own business.

Salween Water and the bitter mineral waters at Pullna, in Bohemia, also Wies and Liquors for sale at the Red House, Tait Street by J. F. Fierro, Agent. The Bitter Mineral Waters of Pullna have been found to maintain the first rank amongst all the bitter mineral waters of this sort. There are hardly 10 years passed that one began to make use of them, hardly 40 years that the foreign countries know them, and yet they have already outwined by far, on account of their excellent capital effects, other more weakly operating bitter mineral waters, so that they not only enjoy an excellent reputation in all the countries of Europe, but that also the rest of the parts of the world praise their excellent salutary virtues. According to the experience of the physicians and to the manner in which the medical establishments make use of them the infirmities which are most fit for the use of the bitter mineral waters of Pullna are. Inflammations, inflammable irritations, organs and congestions, catarrhs both of the organs of respiration and the apparatus of digestion, obstruction, worms; maladies of the liver and the gall-bladder, of the hemorrhoidal vein, complaints of pregnancy, excessive corpulence, illnesses of children, the consequences of intermittent fever, in all cases where a moderately purging physic is profitable, and besides this for the use before and after other mineral water cures, and against disorder of the mind. The dose to be given is fixed by the infirmity, the age, the strength of the patient, the intended purpose of the cure, and consists from a full wine-glass, till to a bottle every day. With children and persons sensible of little doses are sufficient. The waters here operate with the most beneficial effect. Administration of the bitter mineral waters of the community at Pullna near Brax in Bohemia.

GRAT BARGAINS.—By the steamer Prince Alfred, Messrs. TURNER, BERTON & TUNSTALL have received an invoice of goods from London, which have been bought much under market prices. They would call particular attention to a very large stock of Barts and Black Yak Laces which are now the height of fashion in Europe. A very choice lot of Scotch Embroideries, a full assortment of Quilted Satin Shirts which are worn with drawers or Polonoise and are the general costume in London and Paris this season. Also Roman Scarfs and Shawls, etc. The above goods are now offered at little over half the usual prices. T. B. T. have also received new designs in Carpets and Rugs, Patent Umbrellas, Down Quilts, Evening Flowers, etc., and a variety of other goods.

Spring.—The advent of this the most cherished season of the year is marked by the renewed vigor in which nature asserts herself, clothing in her most beautiful garb all creation. Imbued with the inspiring influences of the season and believing that there is a "glorious summer" ahead of us, A. B. GRAY has made arrangements to receive monthly consignments of all descriptions of Dry Goods. The Prince Alfred on her last trip brought the first of these shipments, comprising a very choice assortment of the newest dress materials, black silks, wool shirtings, shawls, etc., and such a variety of general goods as makes his stock complete in all departments. An inspection of the new goods is invited. Government street, 11th February, 1873.

The original cheap and easy Shaving Shop at Fred Payne's on the sunny side of Gibson street.

ANDEAN'S ACROSTIC.

All varieties of goods will be found at my store,
No place more suitable for folks that are poor;
Delay not, but go and get what you want,
Everything I sell, Boot, Hat, Vest, Coat and Pant,
A cheaper store you'll not find I can safely say,
I owe to ANDEAN'S store dear part away—
Should you wish to examine you're nothing to pay.
Views in oil, photo, litho, and steel.
A desirable cottage, under a price I can deal,
Stettin, iron tank, crockery and cloths,
Many sitting chairs, white, red and blue;
Tables, tools of all kinds and carry combs too.
Yes! ANDEAN'S goods are equalled by few.
Shells, minerals, catfish, dog-collars, and chains,
To be sold cheap for each to people with brains.
On Government Street my store is to be found,
Right opposite the Skating Rink curling is around.
Every man woman and child ANDEAN can surround.

C. FRANCIS BARNARD, M.D. SURGEON DENTIST.

DR. BARNARD HAS BEEN FOR SEVERAL
months the "Painful Patient" or "Cellulitis
Case," the newest and latest material adapted to the
removal of whole sets of teeth; he is also using
single dentures or partial sets, the best substitutes of the
lost teeth.
We cheerfully add Dr. B. C. to our columns, con-
sidering his good taste and judgment, united to un-
usual skill and ingenuity, aided by an extensive prac-
tice of thirty years, render his services more
valuable and reliable than those of any other dentist on
the Coast or in Island. For details see daily Col-
umn.

LEA & FERRINS' WORCESTERSHIRE SAUCE.

DECLARED BY CONNOISSEURS.
TO BE
THE ONLY GOOD SAUCE
CAUTION AGAINST FRAUD.
The success of this most delicious and
unrivalled Condiment having caused
certain dealers to apply the name of
"Worcestershire Sauce" to their own in-
ferior compounds, the Public are hereby
informed that the only way to secure the
genuine, is to
Ask for Lea & Perrins' Sauce,
and to see that their names are upon the
wrapper, label, stopper, and bottle.
Some of the foreign markets having
been supplied with a spurious Worces-
tershire Sauce, upon the wrapper and
labels of which the names of Lea and
Perrins have been forged, L. and P. give
notice that they have furnished their
correspondents with power of attorney to
take instant proceedings against Manu-
facturers and Vendors of such, or any
other imitation by which their right may
be infringed.
Ask for LEA & FERRINS' Sauce and see Name
on Wrapper, Label, Bottle, and Stopper.
Wholesale and for export by the Proprietors,
Lea & Perrins, Worcester, & Black-
well, London, &c., &c.; and by Grocers
and Oilmen universally.
To be obtained of Messrs. JANION,
Rhodes & Co., Victoria, V. I. en21 ly

Cheap Cures for Great Diseases.

HOLLOWAY'S OINTMENT.

OLD SORES AND OLD SKIN DISEASES.
The seeds of these disorders are effec-
tually expelled by this penetrating Unguent,
not only from the superficial parts,
but from the internal tissues likewise.
Any case, even if of 20 years standing,
speedily yields to its influence.
RHEUMATISM, DITHERIA, SORE THROAT,
ARTHRITIS, &c.
Rheumatism, and erysipelas may be
overcome by frequently fomenting the
affected parts in warm water, drying, and
immediately applying this soothing Oint-
ment. The same procedure applies equal-
ly well for curing sore throat, diphtheria,
bronchitis, asthma, tightness of the chest,
and pain in the side, which instant treat-
ment alone prevents degenerating the
more serious maladies. The Ointment
has the same derivative powers over
chest complaints as a blister possesses,
without causing pain or debility.
HEMORRHOIDS—PILES, AND VISCERES
Thousands suffer severely for years
from these annoying complaints through
false delicacy. Let such purchase a pot
of Holloway's Ointment, read the direc-
tions which accompany it, act upon them
to the letter, and they will, without
difficulty, succeed in obliterating every
vestige of these harassing ailments.
ACCIDENTAL INJURIES, INFANTILE AFFECTIONS
In cuts, bruises, sprains, burns, and
scalds, it will be found cooling, sedative
and healing. The part affected should
be fomented in warm water, dried gently,
and the Ointment should be directly ap-
plied. This purifying Ointment may be
safely used in all eruptions, chaffs and
other cutaneous affections to which child-
ren are liable.
BAD LEGS, BAD BREAST, OLD SORES AND
ULCERS.
By rubbing the Ointment round the
affected parts, it penetrates to the tissue
beneath, and exercises a wonderful power
on all the blood flowing to, and returning
from, the diseased part. The inflamma-
tion diminishes, the pain becomes less
intolerable, the matter thicker, and a cure
is soon effected. In all long standing
cases, Holloway's Pills will thoroughly
expel all depraved humors from the body.
GLANDULAR SWELLINGS, STIFF JOINTS.
This class of complaint yields without
difficulty to the cooling and anti-inflamma-
tory properties of this famed Ointment.
It should be well rubbed over the affected
parts, after due fomentation with warm
water. It acts by stimulating the absorp-
tion to increased activity, restraining
ulceration, and promoting a free and
copious circulation in the parts affected,
and hence speedily and effectually ensur-
ing a cure.
GOUT, RHEUMATISM AND PARALYSIS.
Gout and Rheumatism arise from im-
flammation in the parts affected, to
effect a permanent cure, adopt a cooling
diet, drink plenty of water, take six of
these famous Pills night and morning,
and rub the Ointment most effectually
twice a day into the suffering parts, and a
cure is certain. The paralytic patient
should take about three Pills twice a
week, and let the Ointment be well rub-
bed into the paralyzed limb which will,
in a very little time, be greatly benefit-
ed—indeed many cures have been affect-
ed by this treatment.
ERUPTION ON THE SKIN.
In this class of complaints, no matter
the age, the sex, or the place, or under
what name, the disease may be classified,
it may be cured if this Ointment be well
rubbed into the system, and Holloway's
Pills taken night and morning to purify
the blood.
Both the Ointment and Pills should be used in
the following cases:—
Pain in the Head
Bad Breasts
Burns
Blisters
Bites of Mosquitoes
and Sand-Flies.
Cancer
Chilblains
Chapped Hands
Corns (Soft)
Cancers
Contracted and Stiff
Joints
Elephantiasis
Fistulas
Gout
Glandular Swellings
Lumbago
Piles
Rheumatism
Scalds
Sore Nipples
Sore-throats
Skin-diseases
Scruvy
Sore-heads
Tumors
Ulcers
Wounds

HOLLOWAY'S PILLS.

WONDERFUL CURE OF ASTHMA OF 18 YEARS
STANDING.
Copy of a Letter from Mr. Ferdinand
Mc Dett Inkeeper & Girard, Glenora, Co.
Down, dated 4th March, 1861.
To Professor Holloway.
Sir,—I suffered from asthma for 18
years, accompanied with great difficulty
of breathing, and severe cough with
spitting of blood. I was also afflicted with
Piles. At different times I was treated
by most skilful physicians, and was at
length pronounced by them to be beyond
cure;—as a last resource, I was induced
to use your Pills and Ointment, and in the
short space of a fortnight could walk
about, and am now perfectly cured, to the
astonishment of all who knew me.
BLIND TO THE HEAD WITH GIDDINESS.
Copy of a letter from Mrs. Mary Foster,
Half Moon Street, Talness, dated March
16th 1861.
To Professor Holloway.
Sir,—For many years I suffered peri-
odically headache, and giddiness in the
head, to such a degree that at times I have
scarcely been able to walk; after obtaining
the best medical advice without effect, I
tried your Pills and in less than a week I
was completely cured. Mrs. Donald,
Chemist, of Talness, can vouch for the
truth of the above statement.
COMPLAINTS OF WOMEN AND CHILDREN.
The very mild and painless action of
these invaluable Pills, recommends them
to every household as a remedy for the
early departure from health. Any moth-
er, nurse, or young person guided by the
direction which accompany each box of
Holloway's Pills, has at once available
means for checking disease, qualifying the
blood, and expelling from the system all
gross humors. They are, indeed, at all
ages, the tried family friend.
DISORDERS OF THE KIDNEYS & OTHER IN-
TERNAL ORGANS.
Loss of appetite and flatulency are
usually the forerunners of stomachic dis-
eases. These famous Pills exercise the
most salutary power in all affections of the
liver, and irregularities of the stomach
and bowels; they restore a healthy func-
tion to every internal organ, overcome
all obstructions, and cast out all impu-
rities.
THE ACTION OF THE KIDNEYS & OTHER IN-
TERNAL ORGANS.
The immediate loss of muscular strength
and nervous energy is more particularly
remarkable in renal than in most other
diseases. Their deficient action for one
day suffices to produce fever, hence the
necessity of prompt and efficient treat-
ment. Holloway's Pills have the great
merit of restoring any suspended or di-
minished secretion, and of relieving any
inflammation or congestion in the spleen,
kidneys, or other subsidiary organs.
The tight, suffocating, anxious feeling
caused by derangement of the heart,
makes the sufferer look on present death
as imminent. Holloway's Pills prove an
efficient and ready remedy when the dis-
turbed circulation depends on indigestion,
flatulency, or debilitated nervous vigor.
Persons suffering from disturbance of the
heart should take about six of these Pills
two or three times a week, according to
circumstances, to arrest the too activity
of the heart.
WEAKNESS, LAMOUR AND DEBILITY.
These famous Pills will immediately
remove all symptoms of debility, lamour
and weakness as they act upon the main
springs of life, and thus are thousands
from premature grave.
